LOCAL ELECTION NOTES

Great political expectations evidently came to grief last night as the returns came in. So much was said, so much predicted, that Bryan would come under the wire a leader in yesterday's vote, that it drew a large crowd at the Ocala House to receive the returns. H. C. Groves read the dispatches as they were received and there was so little in them to arouse enthusiasm among the Democrats and every prospect pleasing to the G. O. P.'s that at ten o'clock there was a solemn assembly relieved here and there by a bright smile of a Republican or the witty remark of H. L. Anderson, who soon had the field all to himself. Some Democrats became so depressed that they were unkind enough to remark that they believed Mr. Groves as he read the dispatches doctored them to suit Taft's election, but this was only a little gangrene the result of buoyant hopes dashed to despair by the unfavorable returns. Shortly after 11 o'clock the crowd dispersed, satisfied it was Bill Taft. The local vote we deem quite complimentary and satisfactorily democratic. There was said to be 1000 qualified voters in the Ocala precinct and 627 votes were recorded. The ticket was a long one and so many were not familiar with names, that it took a long time to fill out the tickets, a number consuming fifteen minutes and then marking names on the wrong side. There were ten voters who deemed it the wiser plan to leave their ballots unmarked and let them be counted for what they were worth. Mr. W. S. Durst said this morning there was a handsome reward for the names of these ten voters.

The desire was so great to vote in the afternoon, the crowd at the door became congested and so much time was consumed in waiting that quite a number of voters in disgust, we presume the question, which Bill will be elected, was asked ten thousand times yesterday.

There was some previousness about closing the polls, the contention being that the time to close was at sundown, and that sundown was 4:55 o'clock. The result was quite a number of persons working in the mills and foundry were barred from voting. The inspectors and clerks of election did their duty well and with some forethought and preparation, things were so well managed that by 10 o'clock they had completed their count and made their announcements.

There was great interest displayed in the vote for legislators, as it was the impression that the liquor men and their friends had it in for W. D. Carn, the uncompromising disciple of prohibition. There were those who believed he would be best, but the returns received last night showed Mr. Carn's vote to be two to his opponent's one. But it is all over now so far as Marion county is concerned until two years from now.

The W. C. T. U. of Ocala are making great preparations for the coming of the State Convention of the W. C. T. U. in this city for Nov. 10 to 13. The recording secretary is receiving a list of delegates who expect to be here and it looks now as though a hundred would come, not including the friends. The evening of Nov. 10 will be devoted to extending these women a welcome, which will take place in the M. E. church. Major Izlar will speak for Mayor Geo. A. Nash in behalf of the Brick City. Mrs. Fannie R. Gary for the W. C. T. U., with which she has been identified from its organization, most of the time its president. Will R. Gary will speak for the Anti-Saloon League, Rev. C. C. Carroll for the pulpit, and C. L. Bittinger for the press. Miss Minnie Neal, president of the W. C. T. U., will respond.

Those in the funeral procession that followed the remains of Mrs. Fletcher to the Fort McCoy cemetery were Dr. Castel, wife and son, Dunnellon, Mrs. Henry Grantham and children, Holder, Miss Lillie Bassett, Holder and Messrs. Lee and Albert Miller, of Ocala. Rev. Cole of Inverness conducted the services at the grave.

Will Lucius, county road overseer, went out on the Bellevue road this morning with the steam roller, scraper and water wagon and a crew of men to strengthen and repair on the newly built portion of the Bellevue road.

County Commissioner Fort of Lynne came in this morning to attend the meeting of the board. He brought with him a load of very fine oranges from his grove, which he disposed of to our merchants.

BRYAN BADLY BEATEN

But He Made a Noble Fight—Labor Vote Went for Taft

Bryan and Kern May Represent Their States in the Senate

(Special to the Star.)

New York, Nov. 4, 3:05 p. m.—This morning's returns indicate that Bryan carried Maryland and West Virginia by very small pluralities and an official canvass may be necessary in each state. Giving them to Bryan cuts Taft's electoral vote to 296 and swells Bryan's to 187. Taft falls 27 below Roosevelt's electoral vote. The Democrats may carry the Nebraska legislature which would insure Bryan's election to the United States senate. The margin is still close. Hadley, who is probably elected governor of Missouri, and Harmon, who has won Ohio, were two Democrats who urged the punishment of Paul Morton, but whose judgment in rebate cases was set aside by President Roosevelt. Bryan's downfall was overwhelming in that he lost where he was supposed to be strongest. New York City gave a plurality of 15,645 for Taft. Bryan lost Ohio, where the labor vote was expected to carry him to victory. Chicago, a city that had been absolutely promised to Bryan by Roger Sullivan and other democratic leaders, went for Taft. New York, upon which the Bryan campaign managers had hoped designs, gave Taft the greatest plurality ever accorded a republican candidate for president. The result was a surprise, not only to Democrats in charge of the Bryan campaign, but to the Republicans in charge of the Taft campaign. Probably the leader who took the result as a matter of course was President Theodore Roosevelt. Mr. Bryan, at his home in Nebraska, figuratively threw up his hands when he heard the first reports from New York City. He had banked on a tremendous vote here, but he did not give up hope until he heard of the republican landslide in Illinois, Taft's victory in Ohio and the outlook in Indiana. Then he went to bed. Out of the ruin of democracy there still shines a ray of hope for the democratic standard bearers, Bryan and Kern. Late returns from Nebraska indicate that the legislature of that state will be democratic. In that event Bryan will probably be sent to the United States senate. There is also a chance that the Indiana legislature will be democratic, and Kern may join Mr. Bryan in the ranks of the senators. For the second time in history New York City went republican by sixteen thousand. Taft carried the state by one hundred and ninety-eight thousand. Hughes was elected by a majority of seventy-five thousand. Taft gets Ohio by sixty thousand. The labor vote threw Bryan everywhere. Johnson wins Minnesota by a large majority. The Republicans have the next Congress by fifty-four.

THE CIVIC LEAGUE

The regular meeting of the Civic League was held in Yonge's Hall Tuesday morning, Nov. 3rd. The meeting was called to order by the president, Mrs. Hoeker.

After the reading of the minutes of the last meeting by the secretary, the reports of the different committees were read.

Mrs. Carney and Mrs. Moorhead, the committee on drinking, reported that the janitor of the courthouse had been instructed to thoroughly cleanse fountains every week, which had been done, and it was decided to give the same a coat of paint and the council be requested to have the water turned off until they were thoroughly dry. Mrs. Mote and Mrs. Austin were appointed to see about having iron drinking cups made at the foundry to replace those that were removed, the new cups to be securely fastened by substantial iron chains. The committee on fountains was continued.

Mrs. Hoeker reported that Judge Bullock had promised to have the barbed wire removed from the west side of the walk to the cemetery, between Oklahoma avenue and Avera's Lane. Mrs. Hoeker was empowered to have weeds removed from walk.

Mrs. Carney and Mrs. Scott were appointed a committee to see the mayor about the ever present "stock-at-large" nuisance. The conditions have greatly improved the past year, but there are times when it is necessary to telephone for an officer and the committee was instructed to ask the mayor to make it possible to have some one answer these calls.

A letter was received from Dr. Ellen Lowell Stevens, enclosing a petition to be circulated for the passage of bills before the senate and house for the suppression of tuberculosis. This work has been taken up by the Federated Clubs of America and meets with the approval of every right thinking person.

Mrs. Hoeker reported a petition from Miss Nellie Stevens, urging that the league give assistance in finishing and beautifying the grounds of the new primary school. It was decided that as the funds appropriated for the building of this school were exhausted, that we take up the work for the coming year and Mrs. Hoeker, Mrs. Mauchs and Mrs. Smith were appointed to see the school trustees in regard to cost of fencing grounds. It was decided to give an entertainment later with this object in view. It was proposed to select the first Saturday in December for an annual Arbor day on which to plant trees, etc. It was proposed to ask Miss Nellie Stevens and Dr. Chace to act with Mrs. Brown, the tree warden, as a committee to look after this, Mrs. Brown to be chairman.

Mrs. Mote and Mrs. Mauchs were appointed to report to the health officer the unsightly condition of places near the public square. The subject of benches for the courthouse grounds was discussed. Mrs. Hoeker reported that Dr. C. R. Tydings had offered to head the list of a subscription for this purpose with \$20. A motion was made that this matter be left to the advisory board. The president was asked to find out who could go as delegates to the Annual Convention of Women's Clubs, to be held at Live Oak Nov. 18, 19, 20.

This concluded the business of the morning and upon motion the meeting adjourned.

CROWD IN FRONT OF ELECTION BULLETIN BOARDS.

The leading newspapers in all the large American cities erect special bulletin boards in front of their offices on which the election returns are posted in giant letters as they arrive by telegraph. Great multitudes fill the streets in front of these bulletins and as long as the result is unsettled party spirit is in the ascendant. When the matter is made final the victors supply all the enthusiasm.

A CORRECTION CORRECTED

Ocala, Fla., Nov. 3, 1908.
Editor Star—I notice in your paper a correction made by Mr. Ditto, relative to a co-partnership between himself and me.

Perhaps the rumor got afloat by the fact that I am going in the real estate business, and some parties knowing this and seeing me in conversation with Mr. Ditto, presumed that he and I were to go together.

As a special request I would like to ask that you kindly give me space in your valuable paper to inform the public that I have gone into the real estate business, and my present office is in the Boston Store. However, in January, I will be located in some special office.

My first advertisement appears in today's paper, and if the public will read the same they will see that I am very much in the real estate business. Respectfully, Asher Frank.

HONORING REV. BRIDGES

Preamble and resolution adopted by the Fourth Quarterly Conference of Martel Circuit, Gainesville District, Florida Annual Conference of the Methodist Episcopal church, South, October 31, 1908.

Whereas, Under the limitations of our discipline, our beloved and highly esteemed presiding elder, Rev. Francis R. Bridges, will have to be removed from the district at the close of this conference year, and,

Whereas, During the past four years drawing to a close, he has in the discharge of his official duties provided over this body with dignity and ability, and in a painstaking manner exercised a watchful solicitude in protecting the various interests of the church, and has at all times ruled with firmness, and has been courteous and affable to the official members of this conference; therefore, be it

Resolved, That our prayers will go out with him in his new field of labor, that the blessings of God may continue to abide with him and his estimable family, and that in the future as in the past, he may be a blessing and benediction to those whom he may serve. H. W. Long, Secretary.

No More Greasy Doughnuts.

A lady in Greenville, S. C., recently wrote a friend as follows:
"For years, after preparing doughnuts with the utmost care, I was disappointed to see them come out greasy and unwholesome looking. However, with my first use of Cottolene for frying them, I was delighted, as they were brown, crisp and delicious."

For making doughnuts, pastry, light bread and flaky biscuits I prefer Cottolene to any other shortening on the market. We even carry a full lot of our annual camping trips through the mountains.

Cottolene is a vegetable oil cooking fat, made by The N. K. Fairbank Company, Chicago, and is much purer and more wholesome than lard. It is carried by all good grocers.

ANOTHER WAR ALARM

Servia, Counting on the Assistance of Russia, is Preparing to Attack Austria

Belgrade, Servia, Nov. 4.—Aroused by countless reports that Austrian troops are about to invade their country, the Servian parliament is in secret session today considering a declaration of war against Austria. That Servia is not to be caught unawares is apparent by the concentration of troops which began a fast night and today is progressing rapidly. Russia's attitude in which she did not approve of Austria's annexation of Bosnia and Herzegovina, pledged Servian officials and they believe it assures to them Russia's support should Austria and Servia go to war.

Austrians May Anticipate the Attack St. Petersburg, Russia, Nov. 4.—A message received in official circles today from Belgrade says there is every indication that the Austrian troops are preparing for a sudden invasion of Servia. The message warns Russia to expect news of fighting any moment.

BACKACHE FROM KIDNEYS

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes, or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first-class physician.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful urination and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no more effective remedy known to relieve all forms of rheumatism, because it acts directly upon the kidneys and blood. It cleanses the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remains in the blood, decomposes and settles about the joints and muscular tissues causing the untold suffering and debility of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys" is now the physician's advice to his patients.

ALL HALLOWE'EN

Nowhere were the saints and witches more cordially welcomed than at the home of Mrs. J. B. Carlisle where they held high revelry on All Hallowe'en night. The house was a scene of love for their reception. Yellow and black the witches' own colors, were used throughout the decorations, and black cats, bats and jack o' lanterns gave a unique touch.

The ghosts were met at the gate by his ghostly majesty and conducted into the reception hall, where bats were flying and witches hanging, ready to be burned.

Off from this in a dark passageway was a very cleverly gotten up "chamber of horrors," with its ghosts, snakes, leeches, clummy feeling and rustling leaves. In the parlor the lights burned low, and the black cats reigned supreme.

The dining room was beautiful in black and gold, marigold and splices of yellow jessamine being used in rich profusion.

The decorations of the table were admirably displayed, a compliment to the hostess and her able assistants. In a beautiful nook on the piazza that beggars description a very bewitching light dispensed from a picturesque hanging pot a delightful treat.

Little Miss Catherine Livingston was a great addition to the attractiveness of the surroundings in a very appropriate dress of black and yellow, covered with white cats.

The entertainment was a pretty compliment tendered by the young ladies of the Phi Kappa class to the young men of the Baraca class and other friends, and was voted by one and all to be a perfect success.

Clothes for Men!

The time has arrived for your new suit or pants.

In buying clothes, the first thing to consider is the fit and then the price. By dealing with me you have both.

On all my visits to New York I have taken factory training in the art of measure taking from men who make the clothes.

Every garment I turn out must be tailored by men and finished by hand.

I have a large selection of samples and can suit the most skeptical.

For the next few days I will have on display in my show window a few samples of the latest creations in men's clothing.

My prices are really lower than ready-made clothing, quality and workmanship considered.

The prices are: \$ 3.35 to \$12.50 for Pants, made to order

12.00 to 45.00 for Suits, made to order

12.50 to 46.00 for Overcoats, made to order

But for \$17.50 to \$25.00 I will make you an all wool suit that in style, fit, workmanship and general appearance will excel anything you can get elsewhere for \$25 to \$35.

Smart Clothes

Are the kind you get by placing your order with the "Master Tailors of America".

Their offering of styles and fabrics is big enough to suit the tastes of all, whether one be strictly conservative or with ultra inclinations.

The prices are popular and as varied as the fabrics, BUT REGARDLESS of the COST, every suit or overcoat is tailored with the same precision.

The reputation of Taylor, the Tailor, assures perfection in every detail, from the quality of the fabric to the hand-made buttonholes.

Polite and prompt service is assured to every patron.

REMEMBER, the advantage in having your clothes made and designed expressly for you. You can have them made any style you want. Anything that can be made on to a garment will be put on to suit your individual taste. You don't have to wear a suit just like your neighbor. Should you desire I will give you the exclusive wearing of your choice, and I have only 800 patterns to select from.

As for fit, I can easily refer you to over 200 satisfied customers that I measured last season.

Now for the shape retaining qualities. Have you ever thought of how soon a "hand-me-down" loses its shape?

My clothes are guaranteed to hold their shape. I will also reline every coat free of charge if the lining wears out within one year.

Last but not least, remember, that you are not asked to pay me for a garment till you are perfectly satisfied with it in every respect.

No charge for showing samples and quoting prices.

Yours for better clothes,
